

Concerto per Arpa Industriale

Milan, Italy

EXHIBITION

ORGANIZER

Arpa Industriale

DATE

2007

"Concerto for Arpa Industriale" was a joy to the eye in the framework of Teatro dell'Arte in Milan, during the period of Salone del Mobile: **a symphony of chromatic harmonies where colors added a dynamic, rhythmic touch to spaces.** Just as seven musical notes are combined to create endless melodies, the 15 exclusive design Bits and Pieces by Marco Piva for Arpa Industriale were combined with infinite color variations.
